Our Town- Week 4

April programs are also  
available online at  
[www.CountyMuseum.ca](http://www.CountyMuseum.ca)

## COVID-19 TIME CAPSULE

This week's program is a little different than the daily activities we have been working through. The Lennox and Addington County Museum has started a Time Capsule to commemorate what life is like during this time of Covid 19 and physical distancing. Check out the forms for ideas of what to share!

We invite you to visit <https://lennox-addington.on.ca/covid-19/time-capsule> and upload your moments and memories of life during Covid 19.

**What is a Time Capsule?** A time capsule is a collection of items, such as photos, newspapers, letters and more from your life today. You keep these items to look back on in the future, whether for yourself or someone else.

### FAMILY LIFE

What has your family been up to while in isolation? How has this changed from your normal? Have you added new activities in your family life - what about more family talks, cooking (can you share a new recipe your family discovered), walks, games? What is home schooling like? How are you communicating with your family outside your own home?

### ACTS OF KINDNESS

Now more than ever, we have to come together in solidarity to uplift and help humanity. What have you done to help your neighbours in this time of crisis? What have you done (or what have you seen) that spreads joy, helps loneliness, feeds stomachs, and eases the hearts and minds of people around you?

### STUDENTS AT WORK

We have had to adjust to life of the home school. Parents are picking up the reigns to teach their children with guidance from a virtual classroom and their child's teacher. What assignments have you completed for school that tells a story of today's time in COVID-19? We would love to see a photograph or written word about these assignments. What grade are you in and what school do you go to?

### PHOTOS AND ARTWORK

Where are the creative people? Has this time inspired you to create, think, draw, sculpt, or take pictures. Has something happened to make you upset, happy, wonder, marvel, and worry? Can you show us what you created? Would you consider donating the original to the museum and archives collection?

### VIDEOS & WRITTEN WORDS

Maybe you aren't creative and the thought of writing a poem, a short story, or a song makes you want to run. That's okay - a lot of us feel the same. But are you a thinker and have something to say? Let us have it! Your thoughts are valuable and will give our future generation an insight into the minds of our communities during this stressful and worrisome time.
