

# Ebooks & audiobooks with Overdrive

## Use the Overdrive app with Android or Apple tablets, phones, and Kindle Fire tablets

While OverDrive's Libby by OverDrive app is the recommended app for borrowing OverDrive ebooks and audiobooks on an Android or Apple mobile device or Windows 10 computer, the Libby app is not preferred for all devices. To use OverDrive on a mobile device or computer with a screen reader, or to use OverDrive with a Kindle Fire tablet, please download the OverDrive app instead.

The free OverDrive app is available from Apple's App Store, Google's Play Store or the Windows Store.
